C. N. R. STATION PLANS

PROVIDE FOR LARGE BUILDING

Tenders Being Called For the Erection of a Stone and Brick Station in Edmonton

Mr. H. McLeod, chief engineer of the C. N. R., came in from Winnipeg last night and is registered at the Alberta. This morning Mr. McLeod left for a drive through the Stony Plains district.

Mr. McLeod brought the plans for the new C. N. R. station to be erected at Edmonton and Fort Saskatchewan and for the round house to be erected here, also specifications for the plans for the Fort Saskatchewan bridge. Tenders are now being called for the erection of the station buildings and round house and will be received up to the 10th inst.

The plans for the Edmonton station are for a brick and stone structure 138 feet in length and 34 feet wide. The lower story will be of stone and the upper of brick. The first floor will be used for station purposes and the upper for offices. The proposed building is said to be the finest on the C. N. R. system outside of Winnipeg.

The round-house will provide accommodation for ten engines.

The Fort Saskatchewan station will be a frame structure suited to afford the necessary accommodation for some time to come.

Mr. McLeod says the first C. N. R. train will enter Edmonton by November 1st.

TRAIN ENTERS LLOYDMINSTER.

T. J. McNamara returned from a trip to Lloydminster last evening. The C.N.R. train was completed to Lloydminster on Thursday last and the construction train entered the town about noon. There was general jubilation, vigorous cheering and speech making on the occasion. The grade is completed from Lloydminster to Vegreville, a few culverts yet requiring to be put in. The majority of the graders are now working between Vegreville and Fort Saskatchewan. A gang of 15 men are laying ties, and about 150 men accompany the construction train. The work is being rushed all along the line is progressing very rapidly. It was expected that a freight service from Battleford to Lloydminster would be begun at once and several cars of freight were waiting in Battleford for the opening of this service.

LIBERALS ORGANISE

A very enthusiastic Liberal convention was held at White Lake on the 27th inst., when it was decided to organize for the coming election.

A Liberal association was formed with the following officers: President, W. G. Blewett; First vice president, W. Short; Second vice president, C. M. Dunn; Secretary-treasurer, H. White.

At the close of a very interesting meeting it was decided to call a public meeting on August 11, to arrange all details for committees for the coming campaign.

THE PLAY.

"That Little Swede" will be produced tonight at the Rink Theatre. It is a play of the lively order of "You Yonson," and others of the best Swedish comedy dramas. The story is simple and pretty, and the action is brisk with no lack of humorous events. "That Little Swede" has been produced to crowded houses in other cities and had the largest attendance of any play of the season in Seattle. It is not claimed that it is a literary gem, merely that it is clean, lively and amusing. The usual specialties will make the performance continuous. The engagement terminates on Saturday night which will be the farewell appearance of Clara Asthes in Edmonton.

GAS AT EGG LAKE.

A telephone message from Mr. Williams at Egg Lake today announced that gas had been struck in such volume that when lighted a flame 12 feet high was produced. The flow is claimed to be oil gas, in which case the oil should be struck in 100 feet at most.

AMERICAN RAILWAYS

WANT CANADIAN BUSINESS

Northern Traffic Managers sit up and Take an Interest in Western Canada's Development

Washington, August 2. — Traffic managers of the northern lines of railways in the States have turned their attention toward the immense wheat fields which are being opened up in Assinibola, Saskatchewan and Alberta, and they have asked the treasury department to help them get part of the transportation business bound to be developed rapidly in that part of Canada. The Great Northern especially is looking with longing eyes toward the Canadian Northwest, seeing possibilities of immense traffic within the next few years.

THE PROPOSED BALL

A member of the inaugural committee writes the Bulletin as follows regarding the proposed ball:

"The ball will not cost the taxpayers one cent. The ball committee in presenting their first report were under the impression that everything was intended to be free, and made provisions for a ball which should be free to every citizen who cared to go. This was promptly turned down by the general committee, partly because it would be entirely impracticable to handle the numbers that would present themselves, but principally on account of the cost to the city. An alternative suggestion that tickets should be sold to reduce the cost received no consideration, and the ball was struck out of the appropriations, and does not form any part of the program for which the city council was asked to make a grant.

"The opinion was strongly expressed by many of the citizens that any fitting windup to the proceedings could not be made without a ball; and the concert committee reported that they could not see their way to putting on an entertainment that would properly terminate the proceedings and recommended the general committee to re-open the question. It was also felt that as a large number of the guests of the August 31, some provision would be necessary for their entertainment.

"Another meeting of the ball committee was then called, and it was decided by a vote of something like 30 to 1 that the question should be reconsidered. The ball committee submitted another report recommending a ball to which tickets should be sold at \$4, an additional appropriation to be made by way of payment of tickets to be given to the city's guests, to cover the deficit. The Aldermen present strongly objected to the city assuming any additional responsibility for this purpose. It was then arranged that the tickets should be placed at a figure which it was estimated would cover the entire cost of the entertainment. In no case can it cost the city a cent. Those who do not go do not pay, and it is difficult to see where anybody gets a grievance. As the committee have to husband their resources and do not wish to provide refreshments for people who will not be there, they have to have some instructions as to the number they are to provide for. It was considered that eight hundred was as many as could be handled satisfactorily, and quite as many as are likely to go, and the committee were instructed accordingly. There was no intention of cutting out the concert. That will take place on August 31, and will be a convenient way of entertaining our guests for that evening."

PUBLIC WORKS DELAYED

Commissioner of Public Works, G. H. V. Bulvey, of the Territorial government, was interviewed in Winnipeg, last week.

"Owing to the expected change in the relation of the Territories to the Dominion Government and the alteration in the system and methods of administration, the work of the department of public works has been somewhat less than it ordinarily would have been," said the commissioner. "We are not able to undertake any work which we could not finish before inauguration day, and some important matters had to be held over until next year. In 1904 we spent about half a million to open main thoroughfares, making necessary surveys in connection with the location of the roads where they left the statutory line, and in making bridges. This work is done in connection with the local municipalities, the government making a grant in accordance with the necessities of the locality. We have built a number of steel bridges costing up to \$20,000, and will be compelled to build many more costly bridges as soon as the new province is constituted. The

more costly enterprises have been left over until that time. The territory which we have charge of, extending as it does, from Fleming to Laggan, is enormous, and even when divided, the provinces will be very large."

"Where is your Saskatchewan capital to be?" queried the reporter.

"There are several towns looking for the honor," replied Hon. Mr. Bulvey. "Regina is naturally in the race; and will, of course seek to retain the seat of government in the province where it has been under the territorial form of administration. Prince Albert, Moose Jaw and Saskatoon are also preparing to enter the fight, and the contest will certainly be keen in the legislature. The subject will necessarily be dealt with at an early date, and speedily determined."

"Is the accommodation you have at Regina at the present time satisfactory for the performance of the public business?" asked the reporter.

"Yes, it is quite satisfactory," replied Mr. Bulvey. "We are renting of-fices at present for some of our officials, but are able to secure ample accommodation as soon as the preliminary arrangements can be made. The sum of \$176,000 is provided by the Dominion government in accordance with the terms of the autonomy bill for this purpose. This sum should provide excellent buildings, which will be large enough for some years to come."

"It has been stated that the new provinces would be administered on non-partisan lines, suggested the reporter.

"There is a difference of opinion on this matter," was the reply. "Many leading citizens of the Territories are advocating a non-partisan administration. There are others, however, who are of the opinion that the party system should prevail. The Conservative caucus two years ago declared in favor of putting a straight Conservative candidate in the field in every constituency. The Liberal convention will be held in Regina on August 18, and this matter will no doubt be most fully discussed at that time, and a decision reached."

"How are you satisfied with the class of immigrants you are getting in Assiniboia?" asked the reporter.

"We are well satisfied," replied Mr. Bulvey. "We have received a large American element, who go to work at once and become producers very quickly. Our foreign immigrants are also making progress and will assimilate with the balance of our population in the years to come. We are thoroughly satisfied with our arriving immigrants."

"The crops all through the west are in splendid condition. The fall wheat in southern Alberta is ripening fast, and cutting will begin in ten days. The spring wheat is all headed out, and will average heavier than ever before in the history of the province. There is no sign of rust and very little of the wheat has lodged. All that is needed is a continuation for a few days of the present weather and every part of the Territories will be in the midst of the greatest grain crop ever handled in the west."

WESTERN NEWS NOTES

—Moose Jaw Times: So "the most serious opposition to Regina's plans" is to come from Saskatoon! Well, Moose Jaw will see about that. Already Regina is calling that Moose Jaw is the most dangerous rival in the race.

—Lethbridge News: On the second day of the sports at Edmonton, the champions of the north will play here. Invitations have also been received for a game in Raymond and Cardston following this game, with these two teams and it is most likely that the boys will accommodate our neighboring towns.

—The Young German society, Edelweiss, of Edmonton, is very active. It proposes to take part in the societies' parade on the occasion of the celebration on Sept. 1, and calls upon all Germans who are coming to Edmonton to the celebration to notify Mr. John Koch, secretary in order that they may join in the parade.

Lethbridge News: It is 15 days since R. C. Bennett started from London on the swiftest train from the east for Calgary and other points in the Territories to start organizing the revolt against the Dominion Administration upon the school question. It is now some 15 days since he left away down east, but he knows better than to make any such "break" out here.

—Some time ago the announcement was made that Rev. F. Lacombe had been appointed pastor of the Catholic church at Medicine Hat. In an interview in Montreal Father Lacombe says that he had not abandoned his hermitage at Pincher Creek, built for him by Mr. Pat Burns of Calgary. "Like all other missionaries," he says, "I must go where our superiors see fit to send me. I attend the new parish of Medicine Hat until the priests who are to serve that locality arrive. There are but few white Catholics about fifteen half-breed families, who roam round the city like their brothers, the Crees. It is specially on account of the latter that I have come to Medicine Hat to instruct them in their own language. I hope to return to the hermitage soon."

—The Medicine Hat Liberal Association held its annual meeting recently. The election of officers for the year resulted as follows: Hon. Pres., Walter Scott, M.P.; president, Donald Guthrie White; 1st. Vice-Pres., Thomas McKay; 2nd. Vice-Pres., John Hawk; Sec.-Treas., Walter Crosskill; executive committee, William Finlay, M.A., Thomas Hutchinson, Charles Pincher, James Kane, C. R. Mitchell, John Benson, William Crawford, L. B. Cechrane; delegates to provincial Liberal convention at Calgary on August 2, from the town, D. G. White, C. R. Mitchell, C. S. Pingle, John Benson, from the country, Henry Vocke, George Irvine, James Robinson, Joseph King, and Albert George Irvine. Although the delegates received no instructions and will go to the convention with a free hand, yet as a guide to them, a unanimous vote in favour of party government was placed upon the minutes.

—Raymond Chronicle: The greatest disaster in the history of the district occurred at Cardston on the evening of Pioneer's Day, the 24th inst., when a hailstorm of unusual fury and extent pounded down twenty-five hundred tons of the best wheat ever grown in Alberta. The storm began at about half past seven in the evening, coming into Cardston from the north carrying destruction over a strip a mile wide. In the town every garden was ruined and three hundred panes of glass were smashed by the icy bullets. Over Cardston the storm passed, going south for nearly a mile swirling eastward towards Aetna. The hail seemed to have selected the very best crops in the district for destruction, and the total damage is estimated to be \$40,000. Another and a more severe storm visited Cardston last night, going over practically the same ground. The private car of Mr. Magrath, which was often riding, had all the plate glass smashed. Additional information regarding the damage done limits the affected area to 1966 acres.

—Regina Standard: The Liberals of the new province were not long on the move before their opponents, the Conservatives took action. When the announcement was made of the big convention which is to shape the destinies of the Liberal party in the new province of Saskatchewan, the other "machine" began to move, and the local Conservative organization held an executive meeting. It was decided to ask Thomas Tweed, the head of the Territorial Conservative Association, and P. S. Lake, the only Conservative M.P. for the new province, to call a convention to be held here in Regina during the fourth week of August. The first party men will hold a meeting on August 8, at which delegates to the convention will be elected, and other important business transacted. A leading Conservative was asked by the Standard for what purpose the convention was called and he made reply that it was for the purpose of adopting the "policy to be followed by the Conservative party in the new province of Saskatchewan." Nothing definite has been done as yet, beyond the action taken by this meeting, but it is understood that the official call for the convention will be issued within a few days, or as soon as the leader can be communicated with.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

CALAMITY NARROWLY AVOIDED.

Calamity, August 2.—The launch Hesse left the wharf with twenty-five passengers, mostly women and children, all bound for Kingston. The boat proceeded three hundred yards from shore, when flames arose, followed by a terrific explosion, severely burning two occupants of the engine room. Ladies fainting and several threw themselves overboard and hung on waiting for help. Skiffs put out and rescued all on board.

FOOD COMMISSION REPORTS

London, August 2.—The Royal Commission under the Presidency of the Prince of Wales, appointed in April, 1903, to study the question of the improvement of food in time of war has just presented its report to Parliament. The contents of the report are not, on the whole, reassuring.

NEW PROVINCIAL TAX

Montreal, August 2.—The new provincial tax of two cents per \$100 on all stock transfers went into force yesterday. Brokers are loud in complaints against the law.

HANDITS SENTENCED FOR LIFE

Chicago, August 2.—Life sentences were imposed upon three youthful hold-up men who pleaded guilty to murder and four highway robberies.

NEW DEAN APPOINTED

Winnipeg, August 2.—The Very Rev. G. E. Coomes, senior canon of St. John's Cathedral, was notified by the Bishop of Rupert's Land who is at Banff, that he is Dean of Rupert's Land filling the vacancy formerly occupied by the present Archbishop. The new Dean has been a member of the Chapter for twenty-two years and is M.A. of St. John's College, Cambridge.

TURNING OUT NEW CARS

Montreal, August 2.—"The C. P. R. is doing more than it has ever done before to assure the Company being able to handle this year's crop," said General Manager McNeish. "An idea of what we are doing may be gained from the fact that we are turning out a box car complete every twenty-five minutes at our shops and shall continue to do so until the crop moves. We are turning out an engine every seven days."

FELL ON A SAW

Kingsville, Ont., August 2.—Jas. Sheggy, running a portable saw mill on his place fell on the saw; his body was completely bisected.

DOINGS AT OTTAWA

Ottawa, Ont., August 1.—Sir Wilfrid Laurier will be the guest of Lord Grey in Quebec next week. The finance department is arranging details of the plans to gather up American silver and ship it out of the country. The trading stamp people are going to fight the constitutionality of their case. The postoffice department has notified postmasters to look out for and prohibit immoral cards being sent through mails.

"SOOT" CELEBRATION

Sault Ste. Marie, Ont., August 2.—The two "soot" commences today a celebration that would be possible in no other town on the continent. It is the semi-centennial of the construction of the first canal lock on the St. Mary's river.

REGINA LAUNDRY FIRE

Regina, August 2.—Fire broke out in the steam laundry and did damage to the extent of \$2,500.

BALL GAMES

Winnipeg, August 2.—Baseball: Grand Forks 6, Winnipeg 6; Duluth 7, Crookston 2; Duluth 4, Crookston 0.

WANT PRISONER FREED

Kingston, August 2.—A movement toward securing the release of Frank Riehl confined in Belleville jail for infraction of the law in connection with bogus ballot boxes, at the last election, culminated in unified action yesterday. A petition has been started addressed to A. J. Paul, member for Addington, praying him to use his influence towards reprieve; nor is the action coming from political sources, but from all classes, for the prevailing opinion is that Riehl, if longer in confinement, will never leave jail alive. The county council is also unanimous in signing the document.

SECOND SQUADRON COMING

Gibraltar, August 1.—The British second cruiser squadron under command of Rear Admiral Prince Louis of Battenburg will sail September 1st for the United States calling first at Quebec.

SEED WHEAT FREE OF DUTY

Ottawa, August 1.—The Customs Department is sending out instructions to customs officers, providing that Turkey Red wheat for use as seed by bona fide farmers in Manitoba and the Northwest Territories be admitted into Canada without paying customs duty until September, 1905. The duty was twelve cents. Importer must make a declaration that the wheat is imported in good faith for use wholly as seed in Manitoba and the Northwest Territories this year by bona fide farmers whose certificates must be annexed. Collectors of customs are instructed to see that the wheat is for seed by farmers.

MISCELLANEOUS

TENDERS.

Sealed tenders to cover all works, except heating and plumbing, will be received up to August 10th, 1905, at the office of the chief engineer, Canadian Northern Railway, Winnipeg, for the erection and completion of a brick and stone station building to be erected at Edmonton for the Canadian Northern Railway Company. All so tenders for a ten stall engine house at Edmonton and frame station building at Fort Saskatchewan. Plans and specifications may be seen at the office of the chief engineer, Winnipeg, Man., or at the office of the superintendent, Canadian Northern Railway, Edmonton. The lowest or any tender not necessarily accepted.

LOCAL

—As an item of news the Albertan publishes an announcement made in the Herald a few days ago to the effect that the C.P.R. officials will take over the active management of the Herald tomorrow. This has been expected for some time. It is further announced that the new management will not make any extensive changes in the business or editorial departments for some weeks at least. The paper will continue to keep the name it bears at present. The Herald denies that the C.P.R. has any control over it.

—A meeting of forty-six house-fathers, representing about three hundred German, Rhenish, French and Scandinavian families discussed the pound by-law last evening. Editor Keenan was chairman. Many stated that cowboys drove animals from central grounds to the pound. A lawyer will see to the matter and a delegation of four was appointed to bring the present unbearable condition before the city council. Preparation is made to call, when necessary, a mass meeting of all owners of cattle in Edmonton. It was stated that over 200 dollars penalties were paid by poor people and many had to borrow the money to get their cows out of the pound.

LACROSSE

The victory may not always be to the strong but last evening it went to the club that practiced. By a score of three to nothing the Strathcona lacrosse boys beat the Iroquois out on the ball grounds. The Strathcona team played the best game they put up this summer. They had several new players on and the changes greatly strengthened the team.

The Iroquois played ragged and more than half of them were off color. The Edmonton goal keeper did his part though and made some excellent stops and but for his good work the Iroquois score would have been much larger.

The game was called at 7:25 and the Strathcona team forced the play from the start. The first goal was scored for the visitors by Carmichael, after six minutes play. At the end of the quarter it remained 1-0.

In the second quarter the game went pretty much the same way. Kent put the ball into the net after four minutes play and the Strathcona had two goals to their credit. In the third quarter the visitors just repeated the performance, Maine doing the trick, and brought their score up to three while that of the home team remained at zero.

The last quarter was a plank for both. Though the home team did not win a little it was too late in the day. The game was very clean no effort being made by anyone to do anything but play lacrosse.

The line up of the teams was as follows:
Strathcona goal point
Lease cover point
Cameron 1st defence
Richards 2nd defence
Maine 3rd defence
Campbell centre
Hueston 3rd home
Maine 2nd home
Kent 1st home

An Advt. in the "BULLETIN"

AN INDIAN SUICIDED

SHOT HIMSELF LIKE A WHITE MAN

Captain Mills, of the Hudson's Bay Co's Steamer "Zigley," Down From Fort Simpson

Captain Mills, of the Hudson's Bay Company's steamer "Zigley," is in the city on his way east. The captain has spent a good many years in the north country and is a good type of the rugged northern seaman.

The "Zigley" plys on the McKenzie river for a distance of about 1300 miles and during a season travels some 7,000 miles. She is a screw propelled, 20 feet long with a 16 foot beam, draws six feet of water and will carry forty-five tons of freight.

The "Zigley" was up in good time this spring and the "Zigley" got into Fort Simpson on May 21. The river fills up with ice from the north in November, but of the last of September the steamer's work is finished.

The captain says they have grown very successfully all kinds of garden truck, except corn and tomatoes. Last year they had an excellent crop of potatoes and this year promises just as good. Some barley is grown and does well, but very little grain growing is attempted at all. The amount of sunshine they have in the summer makes vegetation grow very rapidly for a couple of months. When he left Fort Simpson on June 16, a newspaper could be read at midnight from the light of the sun.

The Indians have tared very well during the past year. Rabbits and moose have been very plentiful and there has been no scarcity of food for the red men. The captain remarked that the Indians were acquiring the ways of the white men more and more, as one of them committed suicide by shooting himself with his rifle, last winter. It is the first case of suicide he has ever heard of among the Indians.

The Hudson's Bay Company is contemplating putting another boat on Great Slave Lake, to handle their business, which is constantly growing.

Captain Mills is accompanied by his wife and daughter and they leave for Winnipeg today. From there they expect to go to Halifax, the captain's former home, and where his two boys are now at school. They will return to Edmonton by way of United States visiting several American cities on their trip back.

EDMONTON'S FUTURE

ROSS BROS.: Mr. G. Koermann, editor of the "Germantown" paper, Alberta Herald, Edmonton, has been visiting Winnipeg. He noticed how largely the city has grown since his last trip here, "Oh," he smilingly added, "considering the respective sizes of the two places, our city beats the city of the west as to smothering in the matter of new buildings. In proportion, Edmonton has increased far more than Winnipeg. Without any disparagement to your city, we consider our city to be on a firmer basis as regards prosperity in the future than Winnipeg. Practically speaking we possess an unlimited supply of land, to say nothing of large tracts of wood land. Abundance of fuel means abundance of prosperity, for coal is a mighty factor in the march of progress. Our business appears to be daily increasing; our people seem to be contented and happy; our authorities have not shown any marked disposition to force up rents, and so far there is little complaining about our streets."

"In 1907 about five hundred new buildings were added to Edmonton; in 1906 the number was increased, and 1905 is witnessing a still larger growth. We have two English daily papers, the Bulletin and the Journal, and two weeklies, Town Topics and the German paper, the Alberta Herald. Just at present the papers cannot meet the demands for advertisements; the space that should be devoted to news having been infringed upon. The people of Alberta are making great preparations for the festival of September 1, when they will celebrate their admission into the brotherhood of Canadian provinces."

"In conclusion let me state that it is the opinion of nearly all thoughtful men in Edmonton that, in consequence of her many advantages, our city is bound to become the industrial centre of the northwestern provinces. And this is no rash prophecy."

ROSS BROS., Limited, are the Sole Agents in Edmonton for the Celebrated

Peters' Pump

Peters' Double Cylinder Force Pumps

The annexed cut represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and, each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor in pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet. Its durability is far superior to any other pump for the following reasons:

1. It has solid brass cylinders which do not wear out the leathers.
2. The cylinders being at the bottom of the well never lose their priming.
3. It has chilled valve seats which neither rust nor wear.
4. The leathers used for plungers and check valves is the very best obtainable.
5. It has no stuffing boxes.
6. The cylinders are stationary, working nothing but the plunger valves.
7. It having double the capacity of any other pump, requires but half the labor.
8. The pipes and rods used are all galvanized.

We keep this pump in three different sizes as follows: 3 1/2 in. cylinders for 1 1/2 in. pipe, for stock wells up to 25 feet deep. 3 in. cylinders for 1 1/4 in. pipe, for stock wells up to 35 feet deep. 2 1/2 in. cylinder for 1 1/4 in. pipe, for stock wells up to 40 feet.

The capacity of our double cylinder pump is as follows: 3 1/2 in. double cylinders, 1300 Gal. per hour; 3 in. double cylinders, 1000 Gal. per hour; 2 1/2 in. double cylinder, 700 Gal. per hour.

In Woven Wire Fencing we handle the well known LAMB FENCING.

This Fence is made from the best hard steel galvanized wire, and is kept in 20, 30, and 40 rod rolls in sizes 24", 30", and 50" high. Any person can stretch this wire into place and its staying qualities will withstand the greatest strain that can be brought against it. In its weaving it is expanded to its greatest tension, consequently it will not contract or expand on the posts. We also have it in ornamental style for front fences, gates to match.

Not expensive, though best in quality. Absolutely weather-proof, always ready for instant use. Requires no paint—nothing but a hammer to lay it. Tin caps, nails and cement for seams furnished without extra charge.

Write for illustrated booklet, gladly mailed upon request.

24 SECOND ST., SAN FRANCISCO, CAL.

OUR MALTHOID ROOFING is giving splendid satisfaction wherever used.

It is easily put on. Is a sure water shedder, and anyone can put it on. No expensive tools needed, just a hammer, that's all, as the nails, caps and cement go with every roll. It is put up in rolls of two hundred square feet (2 squares to the roll) and we keep it in one and two ply. Some of the best buildings in Edmonton are covered with this roofing.

BY-LAW NO. 26.

A By-Law to provide for the exemption from taxation of the Alberta Milling Company for a period of ten years.

WHEREAS the Alberta Milling Company has entered into an agreement with the City of Edmonton bearing date of the 27th day of June, on, subject and according to certain mill and elevator on Lots 228, 231, 232, 233, and 234 in Block 2 in the Hudson Bay Company's Reserve in the City of Edmonton.

AND WHEREAS the said Flour Mill is to have a capacity of two hundred and fifty barrels per day of twenty-four hours and an elevator of a capacity of 35,000 bushels, upon, subject and according to certain terms and conditions in the said agreement set forth.

AND WHEREAS one of the said conditions is to the effect that the City will exempt the said lands and all buildings and other improvements erected thereon for Flour Mill or Elevator purposes from taxation, except taxation for special frontage assessments and special local benefit assessments and also except for all assessments for school purposes.

AND WHEREAS it is expedient to grant the exemption from taxation as aforesaid:

NOW THEREFORE the Municipal Council of the City of Edmonton duly assembled, enacts as follows:

1 The said lands and all buildings and other improvements erected thereon for Flour Mill and Elevator purposes are hereby exempted from taxation for a period of ten years, calculated from the 1st day of January, 1905, except taxation for special frontage assessments and special local benefit assessments, and also except for all assessments for school purposes.

2 This by-law shall take effect on the final passing thereof.

3 The votes of the Burgesses for and against this By-Law shall be taken at the Council Chamber in the City of Edmonton on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m.

4 George Johnstone Kinnaid, Secretary-Treasurer of the City of Edmonton, is hereby appointed Returning Officer, and Kenelm Collings, Deputy Returning Officer, to take the votes at the time and place aforesaid.

5 The said Council Chamber, at the hour of 11 a.m. of Saturday, the 12th day of August, 1905, is hereby fixed as the time and place when the mayor will be present and will make all such proper appointments as he may be requested to make of persons to attend at the polling place and at the final summing up of the votes by the said Secretary-Treasurer on behalf of the persons interested in promoting or opposing the passing of the By-Law.

6 The said Council Chamber at the hour of 5:30 p.m. of the said 14th day of August, 1905, is hereby fixed as the place and time where and when the said Secretary-Treasurer shall sum up the number of votes given for and against this By-Law.

PASSED PROVISIONALLY in council this 17th day of July, 1905.

BY-LAW NO. 29.

A By-Law to provide for raising the sum of \$6,500.00 to alter, repair and enlarge the City Fire Hall and to purchase new and additional Appliances therefor.

WHEREAS, by virtue of the Edmonton Charter, the City of Edmonton is authorized, amongst other things, to make by-laws for the peace, order, good government and welfare of the City of Edmonton;

AND WHEREAS the condition of the City Fire Hall and fire appliances necessitate that the said Hall be altered, repaired and enlarged, to make the same more suitable for the purpose for what the same is used, and new and additional appliances must be purchased to make the fire equipment complete;

AND WHEREAS it is expedient that the said sum of \$6,500, should be borrowed by means of the issue of debentures of the City for that amount, and that the said sum should be payable during the period of ten years from the date of the debentures to be issued therefor, and should bear interest at a rate not exceeding five per cent per annum, and should, as the Council shall deem expedient, be repayable, either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of ten years, or (2) in such manner that the principal shall be paid at the end

of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually.

AND WHEREAS the amount of the whole rateable property in the City, according to the last revised Assessment Roll is \$3,959,648.00.

AND WHEREAS the total amount of the existing debenture debt of the City, exclusive of loan improvement debts secured by special assessments is \$101,092.28 of which no part is in arrears.

AND WHEREAS it is expedient that this By-Law should take effect on the day of the final passing thereof;

of the City of Edmonton duly assembled enacts as follows:

1 The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to borrow for the purposes aforesaid the sum of \$6,500 on behalf of the City, a sum or sums not exceeding in the aggregate the sum of \$6,500.00 and to issue one or more debentures of the City for such sum or sums so borrowed.

2 The said indebtedness shall be paid and the said debentures shall be made payable, during a period of ten years from the date of the issue of such debenture or debentures and shall bear interest at a rate not exceeding five per cent per annum, and shall, as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of ten years, or (2) in such manner that the principal shall be paid at the end of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually.

3 During the currency of the said indebtedness there shall be raised annually by special general rate on all the rateable property in the City at the same time and in the same manner as the ordinary general City taxes, a sufficient sum to meet the amount of the annual instalment of principal and interest or the amount of the equal annual sinking fund and interest as the case may be, payable

in each year in respect of the said indebtedness.

4 This By-Law shall take effect on the final passing thereof.

5 The votes of the Burgesses for and against this By-Law shall be taken at the Council Chamber in the City Hall in the City of Edmonton on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m.

6 George Johnstone Kinnaid, Secretary-Treasurer of the City is hereby appointed Returning Officer, and Kenelm Collings, Deputy Returning Officer, to take the votes at the time and place aforesaid.

7 The said Council Chamber at the hour of 11 a.m. of Saturday, the 12th day of August, 1905, is hereby fixed as the time when and place where the mayor will be present and will make all such proper appointments as he may be requested to make of persons to attend at the polling place and at the final summing up of the votes by the said Secretary-Treasurer on behalf of the persons interested in promoting or opposing the passing of the By-Law.

8 The said Council Chamber at the hour of 5:30 p.m. of the said 14th day of August, 1905, is hereby fixed as the place and time where and when the said Secretary-Treasurer shall sum up the number of votes given for and against this By-Law.

PASSED PROVISIONALLY in council this 14th day of July, 1905.

 —Mr. Colin Fraser has fourteen silver and twenty seven Arctic foxes among his cargo of furs just brought to the city.

—Mr. Geo. Bain, editor of the North-shire Telegram, Scotland, is a guest at the Windsor hotel. Mr. Bain, accompanied by Miss Bain, is making a tour through Canada.

—J. Talbot had an arm seriously injured while speeding on the track yesterday. A large flock of sheep were pasturing on the grounds and Mr. Talbot drove over one of them. The horse was also injured.

—Lacombe Globe: D. J. MacLachlan is building a large addition to his ash and door factory. When completed the factory will have a floor space of 45 x 108 feet and will compare favorably with any west of Winnipeg.

—Lacombe Globe: D. J. MacLachlan Kenzie, the Nanton street blacksmith and machinist now have their foundry in first class working order. Their first piece of work was cast on Saturday afternoon and was turned out in excellent condition.

—The weather has continued fair and warm. Heavy rain has fallen in Southern Alberta and showers with thunder storms in Western Saskatchewan. The indications are for fine and warm weather today and on Thursday but showers in a few localities are not unlikely.

—Alberta: R. B. Bennett will address the members of Calgary upon the Autonomy bill passed by the Dominion Parliament in the Lyric theatre on Friday night. Mr. Bennett announces that he will confine his attention to the Autonomy bill and will not discuss other matters of immediate interest.

Lectures given.

—A lawn social will be held under the auspices of the Ladies' Aid of Grace Methodist church, Tuesday, August 7, at the home of Mrs. C. E. Morris, (corner Namas avenue and Eleventh street). Free admission in the afternoon; 10c. will be charged for admission in the evening. Refreshments, tea, cake, ice-cream, and candy will be on sale. Come and bring your friends.

—The delegates from this district left this morning for Calgary to attend the Liberal convention tomorrow. Among those who went down from the city were Messrs. Dr. Roy, A. Archibald, J. A. McKinnon, G. R. McLeod, R. J. Manson, R. McIntosh, E. E. Butchart, F. Gray, W. Marshall, J. Kelly and J. Paul.

—Mayor Emerson of Calgary on his return from the principal convention in Winnipeg, is reported as saying: "I am more convinced than ever of the wisdom of municipal ownership of franchises." The mayor was a very interested member of the convention and got many pointers both from the debates and from the men he met. He is also convinced that local improvements should be well done, and that wise expenditure on them is not too costly. This is in special reference to sidewalks. The mayor says he will oppose any more money being spent on wooden sidewalks.

—Wetaskiwin Post: It would be interesting to know how many fences the Calgary baseball club wish to erect between them and any other club wrestling from them the championship of Alberta. They offer to play Wetaskiwin for the championship and the accompanying trophy, the Calgary Brewing Co.'s challenge cup, but even if our boys win this trophy, which goes with the championship, the Calgary sports wish to organize a tournament at a later date to decide the championship of Alberta, which sounds unreasonable. If our boys play one series and have the good fortune to win, it would not be fair to have to play again right away in the season for their fairly won laurels.

—Edward Gates, representing Canada's California dog and pony circus was in town this morning arranging for the visit of the company on Friday and Saturday of this week. The tent will probably be erected in the northern part of the city between Queen's avenue and McDougall street. Speaking of the circus the Calgary Albertan says: "Over three hundred miniature animal shows will take part in the exhibitions, and it will demonstrate what kindness, gentleness and patience can accomplish with dumb animals. When they will exhibit here they will show nearly one hundred pretty prancing ponies in marches, counter-marches, drills and all the difficult evolutions of a completely drilled organization. The little fellows enter into the spirit of the fun with keen relish. Hundreds of all sorts of dogs take part in such acts as high diving, pedestal groups, jumping through hoops, riding and allowing monkeys to ride on their backs."
